

VermeerOne™

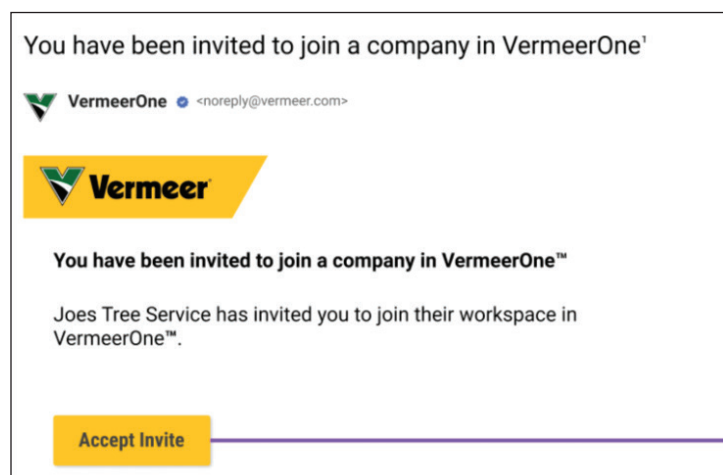

QUICK START GUIDE

VermeerOne™ is a digital platform that connects you to your Vermeer equipment, your data and your dealership. The platform will help you manage and maintain your fleet quickly and efficiently.

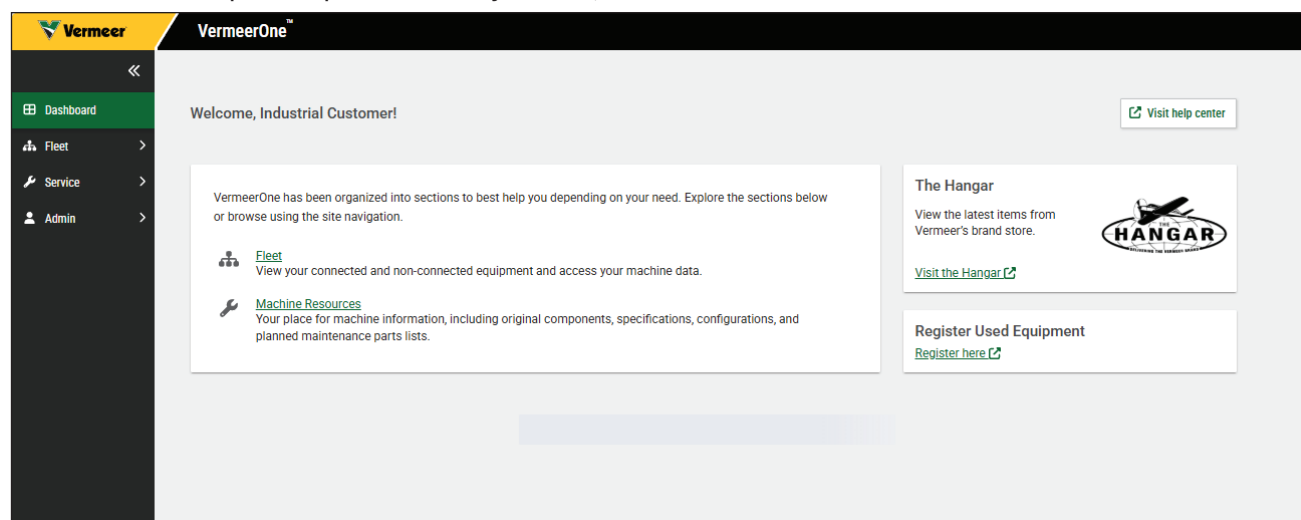

GET CONNECTED

Accept the invitation to connect with the VermeerOne™ platform. The email should look like the graphic below. You will be prompted to set up your account and password once you accept the invite.

DASHBOARD

Your dashboard will provide quick access to your fleet, machine resources and admin access.

MANAGE YOUR FLEET

From the **Fleet** section, the **Fleet Hub**, **Fleet Insights**, and **My Equipment** tabs provide a comprehensive overview of your equipment. When logged into the VermeerOne™ platform, clicking on the link for each section below will take you to a help site with more information on how to utilize these pages for the most value. Machines equipped with telematics will have different views in the portal based on their Fleet subscription status. Contact your sales representative for details on the premium subscription.

[Fleet Hub](#) – provides crucial information about your fleet focusing on the highest priority service items.

[Fleet Insights](#) – provides an overview on your fleet's utilization and productivity.

[My Equipment](#) – offers a comprehensive view of your entire fleet and high-level tracking of urgency score, fault codes, and hours until planned maintenance (PM) is needed. You can also access connected machine status, machine location, warranty type, and prepaid PM's. The screen shot below is from the My Equipment tab.
